Comments and Page Status	All Page Images in Place? (Brian + Sandra)
Reco for this to become the SAP Consulting page	x
Rehanna and Priyank to drive	
with Roman (remove SuccessFactors and swap in German story)	x
	Section "take the lead in your industry" pictures not the same height
	Use the SAP Gold Partner Logo in the header (Ger)
English version completed / working on German version	Use the SAP Gold Partner Logo in the header (Ger)
English version completed, in folder Proofread- JB has proofed and edited	repetetive image with SAP Hana Cloud on purpose?
Won't be on Europe site (Completed)	repetetive image with Implementations & Migrationson purpose?

with Roman	Use the SAP Gold Partner Logo in the header (Ger)
posted to trello for Vinay	x
English version completed, in folder Proofread- JB has proofed and edited	Use the SAP Gold Partner Logo in the header (Ger)
Janet to send note to Viktor	Use the SAP Gold Partner Logo in the header (Ger)
English version completed, in folder Proofread- JB has proofed and edited	Use the SAP Gold Partner Logo in the header (Ger)
English version completed, in folder Proofread- JB has proofed and edited	
to BJÖRN - needs to be reworked with Francois and Derek (Optimization Services)	Use the SAP Gold Partner Logo in the header (Ger)
	Use the SAP Gold Partner Logo in the header (Ger)
Janet to send follow up note	missing?
Complete- check with Sandra before sending to Vinay	x
English version completed, in folder Proofread- JB has proofed and edited	Use the SAP Gold Partner Logo in the header (Ger)

sent for review: Constantin	in the IaaS Section is an old logo triangle in the bg - remove
English version completed, in folder Proofread- JB has proofed and edited	x
English version completed, in folder Proofread- JB has proofed and edited (should be i	renew infographics in Data Lakes Section?
Hyko sent- need Marcelo to approve	x
comment from Sinan- this should be in PS	x
Janet to schedule mtg with TImo	x
Hold off for now pending Timo's input -0 may bring over German page	exchange picture of Dominik (new one from shooting)
Hold off for now pending Timo's input -0 may bring over German page	exchange picture of Sinan (new one from shooting)
Hold off for now pending Timo's input -0 may bring over German page	exchange picture of Jens (new one existing?) & new header pic
Hold off for now pending Timo's input -0 may bring over German page	exchange picture of Jens (new one existing?) & new header pic
Case Study SPS is fine. Ready to go. EU EN & EU DE version	exchange pic or Roman (new one from shooting)
case study Ascorium-updated in EU EN version. Sent to translation.	
?	
?	
?	
note out to chris for sme	
Same as AWS page under Cloud Services	x

with Constantin	in the IaaS Section is an old logo triangle in the bg - remove
Bring over the current Eur page	?
SAP Cloud Platform- Remove or replicate BTP page above (change name)	exchange picture of Björn (new one existing?)
Same page as under MS/Cloud Services- already sent to Vinay	x
English version completed, in folder Proofread- JB has proofed and edited	x
Oracle page- not needed for Europe	x
get to Timo on this section	exchange picture of Björn (new one existing?)
get to Timo on this section	?
get to Timo on this section	exchange picture of Dominik (new one from shooting)
not needed now, maybe later	exchange picture of Dominik (new one from shooting)
Complete- sent to Vinay Complete- sent to Vinay Complete- sent to Vinay	use new pictures from executive shooting
	x Old logo in old news - replace with new one?? picture in 1st section bigger
ok	

complete

Janet to contact sandra

Stephanie to arrange translation

all displayed customer stories are good to use	x
all blogs on DE page are fine. EU EN is outdated.	x
Delete events before 2022 those are •Hürden und Fallstricke auf dem Weg in die Public Cloud - von 2020 •Mit AMS zur schlagkräftigen SAP-Landschaft – von 2020 •Industrial IoT (er)leben mit SAP und AWS by Syntax – von 2020 •Public Cloud – Ohne Integration keine Innovation! – von 2021	Change Subline (smaller, not bold , similar to America)

posted to trello for Vinay- need to determine where it goes on nav
